

THE HOT WEATHER HAS
 no effect upon our trade, unless it be to help it along. Why? because our stock is made up of goods for all the seasons in the year—we are never caught napping. White muslins, for instance, are seasonable at any time and so are Serges and ladies' cloths. For a "stuff" dress there can be nothing better; and we have every imaginable shade to select from. But we are not asking your attention to dress goods, we want you to know that we are selling Ladies' Chemises three for a dollar—You've paid fifty and seventy-five cents each for these same goods many a time. You may have to do it again—they are a drive with us and we want you to get the benefit of it.

Every one wears sailor hats because they are cool, comfortable and stylish—we have them in endless variety, high or low crown. In white, black or cream color.

Do ribbons have much of your thought? Come to us and we will show you the largest assortment ever shown in Honolulu.

PACIFIC CABLE SCHEME.

Action of the Hawaiian Government is Viewed With Favor.

The members of the prospective Pacific Cable Company are much encouraged by the action of the Hawaiian Government, as told in a dispatch to the Call yesterday morning.

According to this dispatch, the Hawaiian Government is strongly in favor of cable connection with the outside world.

The local members of the Pacific Cable Company think this action on the part of the Hawaiian Government will have the effect of hastening Congress to grant a franchise to a United States corporation, and also provide a subsidy for the construction of the long-contemplated cable. They are: Hugh Craig, General W. H. Dimond, George P. McNear, E. T. Allen, L. Parrott, E. B. Pond, M. Bishop, W. J. Adams and Colonel Taylor.

General Dimond said yesterday. "I think the action of the Hawaiian Government will have a beneficial effect on the scheme. The bill providing for the franchise of our company was passed by one House before the adjournment of Congress, but it was killed in the other. Something like this is needed to awaken our Government to a full realizing sense of the importance of a Pacific cable. France and England are only waiting for the slightest opportunity to take advantage of Hawaii's isolation and get in on a cable telegraph construction scheme. I think Congress will appreciate the importance of immediate and decisive action, and we may look for something definite before that body has been long in session."

"Yes, indeed, we may view the attitude of the Hawaiian Government with much favor," remarked Hugh Craig, when his attention was called to the dispatch from the islands. "Congress cannot fail to comprehend the importance of having an American company lay that cable. The other powers are only too anxious to cooperate with the Hawaiian Government in the construction of a Pacific cable, and the time to act is at hand."

DESCRIPTION AND TERMS:
 CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:18 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. ("Creole by Prompter out of Grace by Buccaneer shows that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent."—Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foal getter.
 Terms \$50, with usual return privilege. Will make the season at the
